### Discover life in a pond

Luckily for us ,we have small pond in our Forest School! We found small spiders and many different plants! We are waiting for tadpoles to arrive and we will have our own frogs :)

Make your own bug hotel

We made our own bug hotel!  
We were challenged to use only natural materials! Team work makes dream work! Just look at our work!

Thank you letters to the staff at Martin Mere.

# Thank you!

Dear Eryone and Mark in name

I am writing to say..

Thank you for let in us visit.  
I had a really good day and  
~~was~~ enjoyed seeing all of  
the animals.

I really enjoyed...

seeing new things. I loved seeing all  
the animals like the flamingos and seeing  
the duck fighting. I love getting in the  
rain. We don't really get to do that

I have learnt...

how amazing flamingos are and I learnt  
that ducks fight. I now that ducks and  
fish hate each other. and flamingos can  
live in wet lands in <sup>the</sup> UK.

From Jack J (11)

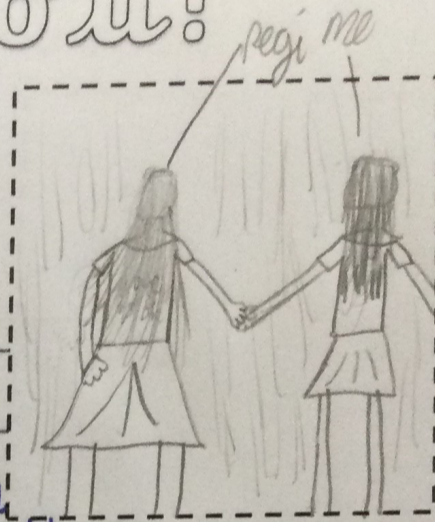

# Thank you!

Dear everyone at Martin Mere

I am writing to say..

Thank you for letting us visit you, it has been a pleasure to meet you guys and the animals. I am grateful for everything and one day I might become a worker like you.

I really enjoyed...

Seeing all the animals, talking about the kind coworkers and meeting them. All the animals were my favourite. We still enjoyed it even though it rained. I loved the ducks having a fight.

I have learnt...

You always have to respect animals because once they die you will get <sup>good</sup> guilty for them. I learnt ducks don't have teeth.

From Brooke (AP)

# Thank you!

Fun in the forest school  
We had weekly sessions in Forest School after our trip to Martin Mere. We really did connect with nature.
